

## Youth grief program

The Butterfly's Touch is a newly created youth grief educational program at Hospice Compassus. Butterfly's Touch was created to fulfill the needs of the youth in the community struggling with death, loss and grief when a loved one dies.

The mission of Butterfly's Touch is to provide grief education to bereaved children, their families and the community by showing compassion through outreach. Butterfly's Touch has partnered with the Boys & Girls Clubs of Casa Grande Valley to provide weekly education at the club in the areas of death, loss and grief. All curriculums will be based on the age and grade level of each youth. Butterfly's Touch will be conducting a program kickoff on Monday at the club, 798 N. Picacho Ave.
